

To whom it may concern,

This is a letter of recommendation for Peter Olsen. Peter has taken my CIS120 (Flash) and CIS133 (Web Development I) and I have been very pleased with the quality of his work. I have shown several of his projects to prospective students. I chose to highlight his projects because of the quality and the creativity he put into each. Peter is the type of student every teacher wants in their class because he puts the time and energy into his work. Peter also has taken the time to help struggling students with their work.

If you need any additional information about Peter Olsen, feel free to contact me via email.
